

ALAIN-FABIEN DELON A MUSE FOR DIOR

03/02/2016

It was on the Instagram account of **Dior's** Artistic Director, **Kris Van Assche**, that we discovered their new campaign 2016 Spring-Summer for Men.

The **21 year** old Alain-Fabien Delon, son of the legendary French actor **Alain Delon**, poses in front of the lens of the famous photographer **Willy Vanderperre**.

The previous face of the mythical men's fragrance Eau Sauvage, Alain Delon moves over to let a worthy member of his dynasty take his place.}
