

# Charlotte Bevilacqua

Cozete - Marseilles - M Major 2017

After graduating in fashion design and garment prototyping, Charlotte Bevilacqua then had a number of enriching experiences: working at the fashion designers Sessùn and American Vintage, followed by a year in Korean. She then created her label **Cozete**. Her universe is ultra-feminine, with slight, impish silhouettes and designs... completely charming. The style can change in tune with one's desires and the particular moment in the day. The first boutique was created in 2014 in the Rue Sainte in Marseille, installing the spirit and style of **Cozete**.
