

Isabelle Letouche

Kodd[e]s - Marseille - M Major 2016

Kodd[e]s is a label based in Aix-en-Provence making luxury bags and accessories in exotic leathers, created in 2010.

Each piece is beautifully made in a limited, numbered edition, handmade by selected South African craftsmen specialising in rare skins and leathers: Ostrich, Springbok hides, Nguni and Kudu hides, leathers with a patina.

The label also brings together two countries dear to the heart of the fashion designer Isabelle Letouche; France, for the « French-touch » and South Africa for its skills and know-how.
