

Rosina Therén & Louise Helldorff

Le Stockholmsyndrome - Marseilles - M Major 2015

From Sweden to the Mediterranean area, the designer Stockholmsyndrome, Louise Helldorff (2 years couture degree in Sweden) and Rosina Therén (Beaux Arts graduate in Sweden and IICC Mode student) create clothes that resemble them. Their designs are minimalists, feminine, stylish, with twisted details that give strength to the collections.

Le Stockholmsyndrome evolves in a timeless universe and draws pure and delicate silhouettes.
