Ghitta Laskrouif - Maroc - MFP 2016

With an artistic background, Ghitta Laskrouif started very soon developing high-embroidery techniques.

She organizes workshops at the Association of marocan creators (AMC Mode), and presents her collections, refined and vitamined, during Casablanca fashion week.

Her fine ready-to-wear collections, at the intercross of tradition and modernity, are crafted with Moroccan artisanal know-how. A very personal approach, undertaken with sustainable fashion perspectives.
