

Ali Drissi Kaitouni

Ali Drissi - Maroc - MFP 2015

After studying human resources at the Settat commerce school, the designer concentrates on his true passion: fashion. Ali Drissi is a luxury brand at the crossroads between contemporary and retro. The cuts and fabric choices are often mixed with geometrical shapes, mastered by decadent volumes.

Noticed for his Pop art collection, an homage to Saint Laurent's Mondrian collection and to Italian painting, the pieces were very colorful and the shapes precise, the artsy inspiration is definitely felt in every one of Ali Drissi's pieces.
