She launched her **eponymous label** with creations full of playfulness, colors, prints and structures. She loves to try new techniques and different materials. Her collections are a new way of storytelling for her. She translates concepts and moods into shapes and techniques. She likes to define future in her point of view with her designs.

"It is a great opportunity to be able to have support and guidance from industry professionals such as MMMM. As a young designer, it is very important to have **OPENMYMED PRIZE** with experts who understand the aspects of design and fashion business."
