Les Méduses Vertes

[Muriel Piaser](#), one of the MMMM's team of experts, is collaborating with [Leila Ludwig](#), a 2017 [OpenMyMed Prize](#) Laureate with her label LES MEDUSES VERTES, with a mission which includes **Consulting and Promotion with buyers**.

On the occasion of the **17-18 Autumn-Winter Pre-collections**, on 26 January Muriel Piaser organised a **breakfast meeting in Paris with both French and International buyers**, accompanied by the professional press: Buying Offices, E-stores, Department Stores...

The feedback was very positive for our Laureate who presented her new collection on the theme of "**I'Amour**" with her famous **Sao Tomé** bags customised for the occasion. It would make an ideal present if you are looking for ideas for Valentine's Day.
